A Fairview Grievance.

TO THE EDITOR OF THE CITIZEN:

SIR: In view of the fact that certain real estate promoters have purchased a large tract of ground near my place in Fairview and the danger of the encroachment of the Italian colony with all its unsightly, unsanitary and in every way undesirable accompaniments upon a fair section of Fairview, spurs me to ask that all fair-minded people who believe in a "square deal" to rally around the people of Fairview and assist them in the protection of their homes from the threatened invasion of undesirable neighbors.

I am drafting an ordinance to be entitled a building ordinance, and its purpose is the controling and regulating the construction of buildings, and which I propose to ask the Mayor and Council to enact at an early date, and which if it becomes a law will go far in preventing this and other similar evils.

HUGH D. KING.

Mr. King's letter does not state specifically what large tract of property has been sold, but it is presumed he means the Kimball property along the Belleville line. This property, it is said, has been sold to a firm of enterprising Newark real estate speculators. Before selling the property the owner, it is said, endeavored to develope it along lines harmonizing with the development of Fairview, but his project of extending Watsessing avenue through the property was blocked by the alleged exorbitant demands of the owner of a small strip of rear property that was in the way.

The property has been on the market for years. The price asked was not unreasonable. Its present owners have it in their power to do with it practically as they please. If the people of Fairview can act in harmony with the new owners all danger of anything detrimental to their neighborhood may be obviated. If it is to be war to the knife the people of Fairview will be worsted in the fight, for the other fellow owns the ground.

Fair in Park Church.

The Junior Epworth League of Park M. E. Church will hold a fair in the chapel Thursday evening and Friday afternoon and evening. This will be an excellent opportunity to hear this remarkable young girl. There will be music by the members of the League and their friends.

Curtis, Mrs. D. M. Day, Mrs. Henry P. Dodd, Mrs. J. W. Duncan, Mrs. Peter Flannery, friend, friend, J. Garlock, C. H. Groehong, Mrs. Thomas Keddie, Mrs. J. L. Sanford, Mrs. T. This invitation is intended for you all. Come.

HUGH D. KING.

Introducing Our Women's New
3.50 and 4.00 "CUSTOM-MADE" SHOES.

Our 3.50 "Custom-Made" Shoes and Oxfords, far superior to any 3.50 shoes ever made, equalling many in style and comfort for which 5.00 is asked.

Our 4.00 "Custom-Made" Shoes, as good as any 5.00 shoe before the public, and equal in style, detail and quality to those for which many ask 6.00 to 7.00.

We've been busy for the past year making a study of how to best please the patrons of our popular shoe department. We've been from factory to factory seeking the best and have had every pair of this brand new carefully made to our special order by makers who know how to build perfect shoes and who consider closely even every simple detail. The beauty of styles, the quality of materials, the hygienic construction and the high-class workmanship are such as found only in high-class custom shops. That's why we propose to call these new lines our "Custom-Made."

While there are many manufacturers of good shoes, there is not one able to build shoes to suit all tastes, fit all feet, and give satisfaction to all. For that reason we have selected a great number of models, the fine from this maker and the fine from that, here and there from others, each his own specialties upon which his reputation as fine shoemaker was built. The result is that we present under our brand "Custom-Made" a combination of shoes possessing the greatest variety of styles ever found under one roof.

No other line at 3.50 or 4.00 has anywhere near the number of new lasts as shown in our new "Custom-Made" lines. None at any price, the number of exclusive handsome models.

We have carefully considered that women want style, but have not forgotten that they want comfort most of all. On this one point alone we anticipate a great success for this new line. But comfort is not the only point in which they excel—they lead in style all other makes as well. There's a degree of beauty that will be appreciated by all who want something new in shoes and also all who want a solid, comfort kind, dainty and chic for those who want them, mannish styles for those who admire that sort, common-sense shoes for those who will have no other.

Custom-Made High Shoes will include: Patent colt, button, lace and Blucher, plain toes or with tips, narrow toes and wide toes, Cuban heels and low heels, glazed kid, button and lace, patent tips and kid tips, Cuban heels and narrow toes, or with low broad heels and broad toes with wide tread, in all the sizes, in all the widths, in all the combinations.

Custom-Made Low Cut Shoes will include: Patent colt, Blucher Oxfords, Toga ties, Gibson ties and button oxfords, made with turn or welt soles, military and high Cuban heels.

Mat kid Gibson ties, Demi-Glaze calf, Toga ties, Gibson ties, Blucher Oxfords and button Oxfords, made with turn or welt soles, military and high Cuban heels.

White Canvas Gibson ties, plain and embroidered vamps.

Glazed Kid Oxfords with turn or welt soles.
